The Technology of Mobility Conference and Exhibition 2023

FISITA WORLD CONGRESS | FISITA World Mobility Summit | FISITA Intelligent Safety Conference Europe | EuroBrake

12-15 September 2023
International Barcelona Convention Centre, Barcelona, Spain

Newsetter 7 February 2023

Applus+ partners World Congress

Applus+ will be a prime partner supporting the FISITA World Congress at the Technology of Mobility Conference & Exhibition (TMCE).

Joan Amigó, CEO of the Applus+ Group said: "FISITA is an essential event for the automotive industry and key to progress towards a more sustainable world. As a company committed to sustainability and innovation, we want to help drive forums like FISITA, where leading companies can work together and develop the technology needed to pave the way for the future"

The congress runs on all four days of the event 12-15 September and will see sessions with presentations on innovative technology and keynote speeches from leading figures in the global industry. For more information on how you could become a partner and exhibit at the event click here.

Applus+ Together beyond standards

Book your place at the TMCE

Join us at the Technology of Mobility Conference and Exhibition, in Barcelona. The event includes the FISITA World Congress, the FISITA World Mobility Summit, the new FISITA Intelligent Safety Conference Europe and EuroBrake. As a member of one of our National Societies, you receive a 20% discount. Students and academia are also entitled to a discount. To get your discount code please email us at info@fisita.com.

Submit your technical paper

You have until the end of March to submit a technical paper abstract for the FISITA World Congress or EuroBrake. Position your organisation as a leading innovator in the mobility sector, build your own professional network with international experts and help shape the future. And, if your paper is chosen, you will receive a 50% discount on your delegate ticket.

For full details on the World Congress technical themes and how to submit your technical paper abstract click here.

Help organise a technical session or review technical papers

If you are an expert in one of our session topics, could you lead or be part of a team that could deliver one at the FISITA World Congress or perhaps help review the technical paper submissions? If so please contact us at congress@fisita.com.
